

5-1/2" Kan-Cut Carbide Recessed Lighting Hole Saw

Part Number 550C
Category Number 6440
UPC 781002817819

Kan-Cut Saws are a solid, one piece construction, tungsten carbide grit holesaw. They are manufactured with a continuous grit edge, designed for use on abrasive substrates such as stucco, lath, and plaster and will easily cut through drywall, plywood, acoustic tile, and wood. Their smooth cutting action reduces vibration and dust dispersal. Common applications include recessed lighting installation, pipe work and plumbing, electrical cables and wiring, and cutting vents in stucco.

Physical Characteristics

Type	Carbide Grit Recessed Lighting Hole Saw
