

Product Specifications

8" Rooftop Pipe Support

Part Number DPS8
Category Number 5390
UPC 781002855316

The DPS8 is a pipe support constructed of high strength polymers ABS/ASA for increased structural support and UV resistance. It's Dual Channel Technology creates the most versatile pipe support in the industry. Strut Clamps can be fastened to the large channel while conduit hangers and leveling systems can be fastened to the small channel. A single 8" support has a load resistance of 739 lbs. This versatile support can be used in a variety of rooftop applications such as, plumbing, HVAC, conduit, gas piping, and cable tray.

Physical Characteristics

Type	Pipe Support
Rod Size	3/8"
