

3/4" x 3000' Pull Line Measuring Tape

Part Number DWP3002  
Category Number 6010  
UPC 781002275053

Polyester Pull Line is a pre-lubricated, lightweight, and abrasion resistant pulling line that is manufactured using a proprietary process designed for high temperature and high tensile strength cable pulling applications. It is printed with easy to read sequential footage markings and is manufactured to provide a low coefficient of friction to help minimize duct melting. It easily pulls and installs wire and fiber optic cables within PVC and HDPE ducts.

Physical Characteristics

|              |                          |
|--------------|--------------------------|
| Type         | Pull Line Measuring Tape |
| Size         | 3/4" x 3000'             |
| Diameter     | 3/4"                     |
| Length (ft)  | 3000'                    |
| Material     | High Tenacity Polyester  |
| Construction | Woven                    |
| Color        | Natural                  |

Packaging Details

|                |       |
|----------------|-------|
| Standard Qty   | 1     |
| Price Per      | 1     |
| Package Length | 12.40 |
| Package Width  | 12.70 |
| Package Height | 18.30 |
| Package Weight | 44.15 |

Performance Data

|                  |  |
|------------------|--|
| Tensile Strength | 2500 lbs   |
| Applications     | High Tensile Strength and High Temperature Cable Pulling   |
| Resistant to     | Rot, Mildew & Abrasion   |
| Special Features | Non-Fading Print When Wet, Low Elongation, Pre-Lubricated, Dimensional Stability Prevents Surging During Use, Low Coefficient of Friction Minimizes Duct Melting |

Certifications

|                |      |
|----------------|------|
| IGCC           | 5072 |
| RoHS Compliant | Yes  |
