

# Product Specifications

## 1/4"-20 x 1" Hex Head Tap Bolt

Part Number MB141  
Category Number 4090  
UPC 781002587040

Hex Head Tap Bolts can be fastened into internally tapped holes or used with a nut to pull assemblies together over a long length. For adjustment applications, they may be used with jam nuts to secure the assembly in place. They are manufactured to the IFI-199 standard.

### Physical Characteristics

Type	Tap Bolt
Head Type	Hex
Grade	A
Thread Style	Fully Threaded
Thread Type	2A
Point Type	Non-Pointed
Size	1/4" x 1"
Dia./Thread Size	1/4"-20
Head Size	7/16"
Length (in)	1"
Thread Pitch\Thread Per Inch	20
Material	Low Carbon Steel
Finish	Zinc Plated

### Packaging Details

Standard Qty	100
Master Qty	1000
Price Per	100
Package Length	5.60
Package Width	4.10
Package Height	2.70
Package Weight	1.84

### Performance Data

Tensile Strength (psi)	60000
Rockwell Hardness	HRB 69 - 100
Special Features	Fully Threaded, Corrosion Resistant, Zinc Plated
Applications	General Purpose

### Certifications

RoHS Compliant	Yes
