

## #8 Nylon Toggle Anchor

Part Number NT14L  
Category Number 4370  
UPC 781002667902

The Nylon Toggle is used mainly in drywall applications, but can also be used in solid walls. It is suggested that the smallest hole be used to enable a secure fit. In hollow walls, the wings will splay out to provide a more secure installation and a higher pull-out load. To finish installation, use a drywall or sheet metal screw to mount the item to the substrate. These anchors are not recommended for use overhead or in applications where holding values are critical.

### Physical Characteristics

Bit	IB2PC
Anchor Type	Toggle
Screw Size	#8 x 1-1/2"
Anchor Diameter	1/4"
Material	Nylon

### Packaging Details

Standard Qty	100
Master Qty	1000
Price Per	100
Package Length	5.50
Package Width	4.10
Package Height	2.70
Net Weight	0.0048
Package Weight	.48

### Performance Data

Pre-Drill Size	1/4"
Applications	Drywall
Special Features	Nylon, Toggle Mechanism

### Certifications

RoHS Compliant	Yes
