

Product Specifications

7/8" Tip Bit

Part Number RTTP6010
Category Number 6375
UPC 781002812111

The RTTP series is a heavy duty step bit with a replaceable tip for longer lasting life. Each bit is manufactured from M2 High speed steel and coated with titanium and cobalt for tougher and cooler cutting. Fitted with a removable, plier tight tip this unique feature extends the life of the core of the bit by simply replacing the tip.
