

1/2" x 4" Sleeve Anchor w/ Hex Nut

Part Number SA12400
Category Number 4550
UPC 781002593461

Sleeve Anchors are a preassembled expanding anchor manufactured for use in concrete, cement, block, thin wall/solid concrete, brick or stone. Due to it's unique design, it can also be used in soft concretes because the compression load can be distributed over a longer length. It comes in both acorn and hex head and can be manufactured in stainless steel upon request. For installation instructions and weight loads, reference technical data sheet.
