

Product Specifications

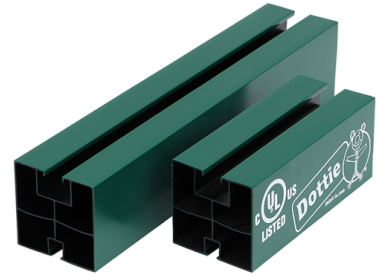

4' Rooftop Pipe Support

Part number DPS

Category number 5390

UPC 781002849322

The DPS is a pipe support constructed of high strength polymers ABS/ASA for increased structural support and UV resistance. It's Dual Channel Technology creates the most versatile pipe support in the industry. Strut Clamps can be fastened to the large channel while conduit hangers and leveling systems can be fastened to the small channel. The standard 4' length piece can easily be cut to required specifications. A single 8" support has a load resistance of 793 lbs. This versatile support can be used in a variety of rooftop applications such as, plumbing, HVAC, conduit, gas piping, and cable tray.

Performance Data

Load Capacity	130 lbs/in
----------------------	------------

Temperature Rating	-40°F to 212°F
---------------------------	----------------

Applications

Supports Rooftop Applications of Conduit
Cable Tray
HVAC Equipment
Plumbing
and Gas Piping

Special Features

Cuts Costs, Increases Installation Flexibility, UV Stabilized

Environmental Conditions	Water & Weatherproof
---------------------------------	----------------------

Physical Characteristics

Type	Pipe Support
-------------	--------------

Rod Size	3/8"
-----------------	------

Size	4'
-------------	----

Length (ft)	4'
--------------------	----

Width (in)	4"
-------------------	----

Height (in)	4"
--------------------	----

Material	ABS/ASA
-----------------	---------

Color	Green
--------------	-------

Certifications

RoHS Compliant	Yes
-----------------------	-----

Industry Standard	UL Listed & ISO Certified
--------------------------	---------------------------

Meets/Exceeds

ISO Certified

Packaging Details

Standard Qty	1
---------------------	---

Master Qty	9
-------------------	---

Price Per	1
------------------	---

Package Length	48.1
-----------------------	------

Package Width	4
----------------------	---

Package Height	4
-----------------------	---

Net Weight	3.45
-------------------	------

Package Weight	3.45
